## **DETAILED ACTION**

### ***Response to Amendment***

This Office Action is in response to applicant's amendment filed on December 29, 2004. Claims 1 and 5 have been amended. The claims, as amended, have been carefully considered but deemed not allowable in view of a newly discovered reference of U.S. Patent No. 6,164,278 to Nissani for the following reasons.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4 and 15 are rejected under 35 U.S.C. 102(b) as being anticipated by Nissani (U.S. Patent No. 6,164,278). Nissani discloses in Figures 1-4 a dental device consisting essentially of small polyethylene bags (10) in which liquid are enclosed, the bags (10) are connected to each other by means of a wire (34), and the Nissani teaches the hinges (30) as means for securing the bags (10) on a tooth comfortably.

Art Unit: 3743

*Allowable Subject Matter*

Claims 5-14 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

*Conclusion*

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

U.S. Patent No. 6,164,278 (Nissani) does not teach a clamping shoe.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
